

Banking Relationship Manager (Retail Banking)

Sterling Trust Bank | Mumbai, India (On-site) | Experience: 4-6 years

About the Role

We're looking for a Banking Relationship Manager to manage and grow a portfolio of retail and priority banking clients. You'll be the primary point of contact for client servicing, cross-selling, and portfolio growth while ensuring full regulatory compliance.

Responsibilities

- Manage a portfolio of retail and priority banking clients, growing assets under management
- Cross-sell savings, loan, and investment products aligned to client financial goals
- Conduct credit appraisals and liaise with underwriting teams on loan approvals
- Ensure KYC, AML, and other regulatory compliance requirements are met for all accounts
- Resolve client servicing issues and escalations in a timely manner
- Conduct periodic portfolio reviews and proactively identify growth opportunities
- Coordinate with product and risk teams on new offerings and policy updates

Required Skills

- Experience in retail banking relationship management or branch banking
- Working knowledge of KYC/AML compliance requirements
- Familiarity with core banking or CRM systems such as Finacle
- Strong credit assessment and risk evaluation skills
- Excellent interpersonal and client relationship skills

Nice to Have

- NISM or IIBF certification
- Experience cross-selling mutual funds or insurance products
- Prior experience managing high-net-worth or priority banking clients
- Exposure to digital banking platforms and tools

What We Offer

- Competitive salary with performance-linked incentives
- Structured career growth path within retail banking
- Learning and development budget, including certification support
- Health insurance for you and your family
