

Sales Executive (B2B & Enterprise Sales)

Orion Business Solutions | Pune, India (On-site) | Experience: 3-5 years

About the Role

We are looking for a driven Sales Executive to join our enterprise sales team. You'll own the full B2B sales cycle for our SaaS and IT services offerings, building relationships with mid-size and enterprise clients and driving revenue growth.

Responsibilities

- Identify, prospect, and qualify new enterprise leads through outbound and inbound channels
- Own the end-to-end sales cycle from first contact through proposal, negotiation, and closing
- Build and maintain long-term relationships with key accounts
- Deliver product demonstrations and tailored solution pitches to prospective clients
- Maintain accurate pipeline and forecast data in the CRM
- Collaborate with marketing and customer success teams on lead handoff and account growth
- Consistently meet or exceed monthly and quarterly sales targets

Required Skills

- Strong track record in B2B or enterprise sales, ideally in SaaS or IT services
- Hands-on experience with CRM tools such as Salesforce or HubSpot
- Excellent negotiation, presentation, and communication skills
- Ability to manage a multi-stage sales pipeline independently
- Comfort working with revenue targets and performance metrics

Nice to Have

- Experience selling to retail, fintech, or D2C clients
- Familiarity with solution selling or consultative sales methodologies
- Prior experience with sales enablement or proposal automation tools
- Exposure to international or cross-border sales

What We Offer

- Competitive base salary with uncapped performance incentives
- Clear path to Senior Sales Executive and Account Manager roles
- Learning and development budget
- Health insurance for you and your family
